📅 13th June 2002

### SUMMARY

Detail-oriented graduate with 1.5 years of experience in developing and supporting interactive web applications. Experienced in both front-end and back-end tasks, with a focus on building efficient and user-friendly features. Looking to grow technical skills, contribute to team projects, and help deliver valuable digital solutions.

### TECHNICAL SKILLS

**Languages:** Java, C#, HTML, CSS, JavaScript, Bootstrap

**Web Technologies:** JSP, Servlets, AJAX, .NET

**Frameworks/Libraries:** Bootstrap

**Database:** SQL, MS SQL, JDBC

**Tools/IDEs:** Visual Studio, Eclipse, Spring Tool Suite (STS)

**Version Control:** Git

### SKILLS

- Web Application Development
- Front-end and Back-end Integration
- Responsive UI Design
- Problem Solving and Debugging
- Code Maintenance and Optimization
- Team Collaboration and Agile Workflows

### PROFESSIONAL EXPERIENCE

#### Software Developer, Alphabit Technologies

January 2024 to Till today.

- Developed and maintained custom ERP modules (Inventory, Billing, User Management) using **Java and JSP**, improving operational efficiency.
- Built and integrated **RESTful APIs** using **Spring Boot** in IntelliJ IDEA, supporting scalable data exchange between services.
- Designed and implemented **responsive UI components** with **HTML, CSS, and JavaScript**, enhancing usability and cross-browser compatibility.
- Managed and optimized **MS SQL Server** databases, executing advanced queries and ensuring reliable data performance across ERP modules.

### INTERNSHIP

#### Web Development Intern

Alphabit Technologies

January 2023 – December 2023

- Developed responsive static and dynamic web pages using **HTML, CSS, and JavaScript**, with focus on UI/UX principles.
- Supported the development team by fixing bugs, optimizing code, and learning real-time version control using Git.
- Gained hands-on experience in frontend and basic backend integration under senior developer guidance.
